Ronald Blue & Co. ranked #5 in Financial Planning 2017 Top 20 RIAs

Atlanta – Ronald Blue & Co. was recently ranked #5 for 2017 among the nation’s “Top 20 RIAs” by Financial Planning, a weekly industry publication. Published on January 3, 2017, the list of independent fee-only planning firms was compiled by Discovery Data based on discretionary and nondiscretionary assets under management listed on SEC Form ADV as of November 2016. It included strict requirements excluding firms with broker-dealer and insurance company affiliations, and large outside owners. The list included only firms that provide true holistic financial planning — not just investment advice — to more than 50% of their individual clients, ranked by assets under management.

Founded in 1979, Ronald Blue & Co. is one of the largest independent fee-only wealth management firms in the United States with more than \$6.5 billion of assets under management, a network of 13 branch offices, serving 7,000 clients through four distinct divisions.* The firm provides comprehensive financial strategies based on biblical wisdom designed to enrich the lives of clients across the wealth spectrum in key areas including financial, retirement and estate trust planning; investment management and solutions; family office services; philanthropic counsel and strategies; business consulting and institutional client services.
